## WORK EXPERIENCE

### **Frilancing Web developer** 2008 - until Now

- Working with small companies & Startups with web, app and graphical design
- Custom WordPress builds and headless CMS with reactJS alt NextJS frontend
- Frameworks: Bootstrap 5, Material Design, reactJS, nodeJS, nextJS & tailwind CSS

### **Creative Director, J&M NetSolutions** Nov/2010 – till Nu. Visby

- Partner with my wife, Creative Director and Web and App developer.
- Web development, Graphical design, Socialmedia management for customer, SEO.

## SIDE PROJECTS

**Gotlands WebbService:** Did run a consulting and developer service for private people and companies

**2013-2015**

**Mobilmarknaden:** Created a custom designed OScommerce website where I sold spareparts for cellphones and tablets

**2004-2006.**

## EDUCATION

### **2021 Complete React Developer with Redux, Hooks, GraphQL, Udemy.com**

- I wanted to learn to build a full fledged eCommerce App with Redux, Hooks, GraphQL, Stripe and Firebase and at the same time deepen my knowledge in ReactJS

### **2017 & 2019 Complete JavaScript Course, Udemy.com**

- I wanted to deepen my knowledge that was previously quite general about JavaScript and be able to build more advanced functions, read ES5 2017 and supplemented this with an updated version with ES6 - ES7 in the spring of 2019

### **2018 Modern React with Redux, Udemy.com**

- The course taught me to use React.js and Redux with React Router, Webpack and Create-React-App. I wanted to immerse myself in App programming and especially React with Redux as these are a coveted knowledge of many companies I was in contact with and which would help me broaden my service portfolio.

### **2010 Complete WordPress Course, Udemy.com**

- Until I read this course, I learned through wordpress.org forums and by copying and experimenting when I built Wordpress themes and extensions, wanted to deepen and refine my knowledge
